Course Materials

Course Materials

- Chapter wise PPT
- Twenty-Five Objective Questions & Solutions for each Chapter
- Important Equations
- Poll Questions & Solutions
- Last Ten years Question Paper with Solutions
- Complete Notes

Class Details

- Live Interactive Lectures
- Case Studies, Q&A Sessions & Discussions
- Each Chapter covering Basic Concepts, Short & Long Answer Questions
- Weekly Assignments & Mock Tests
- Interactive live numerical problem-solving sessions
- Time Management & Important Tips
- Memory enhancement techniques
